

Your global asset management partner

Let us help **equip** your lab

What **defines** McKinley's services

**We're global...**

With customers in over 60 countries, McKinley Scientific is the most trusted name in high-end used instrumentation. From large pharma to small, independent labs, our customer-centric service approach remains consistent around the globe.

**We're experienced...**

Let McKinley Scientific help you manage your instrumentation throughout their useful life, from acquisition to disposal. With over 30 years of experience, McKinley Scientific is the premier provider of pre-owned instrumentation.

**We're ready...**

McKinley Scientific has attractive purchase opportunities on late model instruments from our end-of-lease inventory. Find your LC/MS/MS solution with our line-up of mass spectrometers, HPLC and UPLC instruments, and much more...
